

X-CLASS GETTING INTO THE FUTURE

X-CLASS LESS IS MORE

THE LATEST COMPUTER TECHNOLOGY IN A COMPACT DESIGN TEAMED WITH AN 'ALL-PURPOSE' PRINTER. THE XC LINE REPRESENTS ACCESS TO HIGH-PERFORMANCE PC-BASED SCALES WITH TOUCHSCREEN OPERATION. COMFORTABLE, INTUITIVE AND EASY TO WORK WITH.

HIGHLIGHTS

- Open PC-based scale with high-speed Intel Dual Core processor for optimum performance and smooth graphics
- Use of a quick, reliable and energy-saving mass storage device (SSD)
- Based on the latest operating systems: Windows 7 or Linux
- Easy Load printer (for tickets, labels and linerless operation with paper roll widths of up to 80 mm for easy roll replacement)
- Easy Clean housing surface for ease of cleaning and problem-free removal of stray labels
- Frameless Displays for maximum cleaning efficiency
- Optional tilt compensation (Accurate weighing results even when the scale is not leveled)

BIZERBA X-CLASS

The Bizerba XC line of scales combines all essential retail activities: weighing, transaction handling, printing and providing advice as well as displaying promotional messages and cross-selling opportunities. The open PC platform offers sufficient capacity to cope with new features or individual customer requirements in the future. Even the use of 3rd-party software presents no problems.

The 'all-purpose' printer is unique to the market and can perform every conceivable printing task that can be required of a weighing device. Furthermore, replacing the paper roll is a very brief and intuitive process, and daily cleaning of the scale can be carried out quickly and easily. This is supported by each scale's compact design, the easy clean surface of the housing and the newly developed, frameless Easy Clean display.

SOFTWARE

.RetailApps are true masters in flexibility, adapting to meet specific customer requirements. An individual .RetailApp is developed for each customer need and simply connected to the .RetailPowerScale scale software via standardized docking interfaces. That saves valuable development time and money, plus it provides investment security in terms of servicing and maintenance.

Product Description

The Bizerba XC 100 counter scale combines all essential retail activities: weighing, transaction handling, printing and providing advice as well as displaying promotional messages and cross selling.

The open PC platform offers sufficient capacity to cope with new features or customer-specific requirements in the future. Even the use of 3rd-party software presents no problems. The 'all-purpose' printer is unique to the market and can perform every conceivable printing task that can be required of a weighing device. Furthermore, replacing the paper roll is a very brief and intuitive process, and daily cleaning of the scale can be carried out quickly and easily. This is supported by each scale's compact design, the easy clean surface of the housing and the newly developed, frameless easy clean display.

XC 100

Highlights

- Easy clean for quick and easy cleaning of the scale
 - surface: problem free removal of stray labels
 - displays: frameless for maximum cleaning efficiency
 - load plate: optimum ease of handling
- Easy load enables paper rolls to be changed in a matter of seconds
 - 'all-purpose' printer with ticket and linerless operation up to 80 mm paper roll widths
 - Additional label layout possible on pre-printed linerless paper
- Label printer*
 - 'Paper near end' function*
(alert when almost out of paper for unattended scales in self-service use)
- Easy level tilt compensation*
 - Accurate weighing results even when the scale is not leveled, no loss of revenue
- High-end PC-based scale with outstanding Intel® Dual Core processor for optimum performance and perfect graphics with minimum power consumption
- High-end software package .Retail Framework
 - .RetailPowerScale scale software
 - .RetailApps for additional functionality*
 - .RetailIntegratorsKit (RIK) for 3rd-party software*

Plus many more software options for additional solutions.

Easy load printer

Easy clean load plate

* Options

- Easy level tilt compensation
- Various weighing ranges
- Cash drawer
- 'Paper near end' function (alert when almost out of paper)
- WLAN

Product Description

The Bizerba XC 800 counter scale combines all essential retail activities: weighing, transaction handling, printing and providing advice as well as displaying promotional messages and cross selling. Therefore, the XC 800 is excellently suited for fresh counters. It is ideal in support of proactively offering advice to customers. When combined with a cash drawer, it can also be used as a high-performance checkout solution.

The open PC platform offers sufficient capacity to cope with new features or customer-specific requirements in the future. Even the use of 3rd-party software presents no problems. The 'all-purpose' printer is unique to the market and can perform every conceivable printing task that can be required of a weighing device.
